Curbing spike in prices: Govt mulls imposing stock holding limit for wheat

SANDIP DAS New Delhi, February 12

THE GOVERNMENT IS exploring options like imposing stock holding limit for wheat and releasing additional quantities of the grain over and above the 3 million tonne (mt) already approved for the open market sale from the Food Corporation of India (FCI) stocks to curb a spike

in retail prices. Besides, the government will continue with the ban on wheat exports imposed last year till the end of the 2023-24 marketing season (April-June). It will also scale up procurement operations to ensure that the grain stocks remain at a comfortable level through the com-

ing summer. "We will take all possible measures in the next few weeks to prevent any spike in domestic prices of wheat and flour," a food ministry official told FE. The aim is to bring down wheat prices, prior to commencement of Minimum Support Price (MSP) purchase by FCI and state agencies from April 1.

Following the selling of 0.92 mt of wheat in the open market from FCI stock in the first e-auction this month, mandi prices of wheat have dropped from a range of ₹2,900-₹3,000/quintal to around ₹2,450-2,500/quintal at the present.

This price is against the Minimum Support Price of ₹2,125/quintal announced for the 2023-24 marketing season.

The government will offer 1.5 mt of wheat through the second e-auction on February 15. As on February 9, the FCI had wheat stock of 14.7 mt

Wheat retail inflation rose by 22.2% in December. On the current wheat crop prospects, Gyanenheld at the beginning of dra Singh, director, Indian Institute of Wheat and Barley Research, a Karnalbased institute affiliated to Indian Council for Agricultural Research, said, "Weather fluctuations are there but so far very good for wheat crop.
